Planning application comments

S/2288/06/F

37 Kingfisher Way, Cottenham – Wind Turbine Fitted to Roof of House

This is the first application proposing capture of wind energy we've seen for a domestic building in Cottenham. The location chosen for this turbine appears carefully considered in that it minimises disruption to the building and street scene. We support this application.

S/2315/06/CM

Cottenham Primary School Lambs Lane, Cottenham – Relocation of Mobile Classroom until December 2007

We have no comment on this application.

S/2348/06/F

Unit J Broad Lane, Cottenham – Extract Fan Attenuators and Acoustic Enclosure

The Design Group encourages the retention of small-scale commercial activities and the development of businesses offering employment opportunities. We therefore support this proposal to reduce the level of noise pollution generated by equipment in this location. It is important that businesses respect their residential neighbours.

'It is important to retain and develop Cottenham's character as a working village offering a variety of employment.' (Cottenham Village Design Statement p.7)

Applications viewed by Steven Poole and Alex Thoukydides, 4th January 2007.
