

CVDG Members and Family - Organised Day's Out

All CVDG members and family are invited to the Letchworth Garden City Trip on 13th September. The cost is £3, which does not include transport. Please contact membership@cvdg.org ASAP to obtain further details and/or book your place.
RSVP by August 10th 2008.

Cottenham Environment Audit Group (CEAG)

CEAG is an associated sister-group of CVDG. CEAG has now fulfilled it's purpose and has disbanded.

The unveiling of 'The Cottenham Landscape' (CEAG, 2008) proved a positive, popular experience with lots of local interest and also positive comment from further afield. In particular the detail, the quality of production, and the useful footpath guide insert proved informative. CEAG framed photographs are located in the primary school - so if you are visiting the school please do take a look at the display.

Resource Environmental Services (RES) Ltd - Review of the 'Windy' Open Day, CVDG Members Trip

Nearly a dozen participants from the CVDG, members and family, attended the 'Windy' Open Day at RES headquarters at Egg Farm Lane in Kings Langley. The event was enjoyable. The wind turbine was shown to be particularly effective at generating energy, in this undulating, windswept location, close to the M25.

The Autumn Show - September 6th, 2008.

The CVDG will have a stand at the Autumn Show with a competition and prizes.
